Opening of John Muir Health Pleasanton Outpatient Center

The Tri-Valley community is now able to access a wide range of medical services under one roof with the opening in December of the new Pleasanton Outpatient Center at 5860 Owens Drive. This exciting project is the culmination of two years of collaboration between John Muir Health and Tri-Valley Healthcare, which operates San Ramon Regional Medical Center.

The Pleasanton Outpatient Center is conveniently located off Interstate 680, and is a short walk from the Dublin/Pleasanton BART station. Ample onsite parking is also available. The design of the facility is based off of John Muir Health's Walnut Creek Outpatient Center, which is heavily driven by the needs of patients — convenience, access, cost-effective care, service and quality.

At the Pleasanton Outpatient Center, patients have access to primary care physicians, an Urgent Care, imaging services, and lab services. In addition, Obstetrics/Gynecology, Cardiology and other specialties will be added in 2016. Patients can also message their John Muir Health doctor, schedule appointments, view lab results, request prescription renewals, get diagnosed and treated using eVisit, and more online through MyJohnMuirHealth.com.

"Through our partnership with San Ramon Regional Medical Center and Tri-Valley, we are providing the Tri-Valley community with high-quality, patient-centered care, close to home in a modern, healing environment," said Lee Hudson, president and chief administrative officer of John Muir Health's Physician Network. "Patients have convenient access to a range of services under one roof rather than having to travel to multiple locations."

Health care providers and services include:
- Primary Care (Internal and Family Medicine)
- Pediatric Care
- Specialty Care (Obstetrics/Gynecology, Cardiology and other specialties in 2016)
- Urgent Care Services, available 7 days per week
- Imaging Services including X-rays, Ultrasound, MRI, Mammograms, CT and DEXA
- Lab Services
- Care Coordination for those with chronic conditions
- Senior Services
- Wellness Services

Using MyJohnMuirHealth, patients can send a message to their doctor, schedule appointments, view lab results and more.
