PrideStaff Makes It All About You

Staffing excellence is built upon two fundamental principles: client service and exceptional job candidates. Everyone says they provide these things, yet few can prove it. PrideStaff does.

The PrideStaff team comes to the table with a variety of skills and experiences. Each one is dedicated to a single set of values, which are built around its mission as a company: "Consistently provide client experiences focused on what they value most." For small and large clients, major and minor markets and candidates of every level, PrideStaff's commitment remains the same.

PrideStaff assists its clients with strategic staffing solutions. This includes the incorporation of short and long term needs, including temporary, temporary to hire and direct hire placements. PrideStaff's business is centered on arguably two of the most critical business strategies for economic growth; putting people to work and helping company's grow by finding them great talent.

PrideStaff has been named to the 2014 Best of Staffing® Client and Talent list. Fewer than 2% of all staffing agencies in North America earned the 2014 Best of Staffing®. This is the fifth consecutive year PrideStaff has been recognized Best of Staffing® for both Clients and Talent which has earned PrideStaff the prestigious "Best of Staffing®

Diamond Award." PrideStaff is only one of six staffing firms in the country that received the 5 Diamond Award and is the only general staffing firm in North America to get that recognition.

Because PrideStaff's business model is being locally owned and nationally supported, the PrideStaff team in San Ramon

can consistently deliver on our Mission Statement, deliver Best in Class service and become the Employer of Choice for many people.

I have always had a dream of owning my own business," said Robert Johnson, owner and Strategic-Partner of PrideStaff. "In 2007, I embarked on a journey to evaluate a new business that could leverage my 30 plus years of executive management experience in sales, marketing, manufacturing, finance and consulting in Corporate America. After reviewing multiple new business options, I decided to start my new business in the Staffing Industry where I

could have a significant impact on peoples' lives. I ultimately selected PrideStaff who had a strong management team that shared my values and a proven track record of delivering on their promises to clients and employees."

For more information on PrideStaff, contact Robert Johnson at 925-275-0499 or email rjohnson@pridestaff.com.

Robert Johnson says, "PrideStaff is helping great talent find great jobs and helping great companies find great talent."
